L.H. Larison, President  
American Cement Corporation  
Box 1727  
Helena, Montana 59601

Dear Mr. Larison:

I have received a letter from Mr. William H. Porter, Sr., dated December 1, 1969, requesting an increase in your fume allotment for the month of December to 250 to 350 tons, instead of the usual 100 tons per month.

We are agreeable to this increase from 100 to 250 to 350 tons as requested in accordance with the terms of the contract between our companies.

This in no way is a guaranteed delivery promise; but, excluding unforeseen circumstances, this shipment of East Helena fume to you will be filled.

Very truly yours,

Manager

Dear Bill:

Confirming our conversation of May 9th, due to the shut down at the smelter, we would like to accumulate ten or twelve cars between now and the time they shut down. We are leasing cars from the NP, which we will fill and hold for our use. It is hard to say just what that tonnage will be, but I imagine it will be in the neighborhood of three hundred to four hundred tons.

Sincerely,
